The Document Foundation

ROME
CONFERENCE

Native Language Project and community

Jeff Huang

s8321414@libreoffice.org

ROME | 13 October 2017

Agenda

- About me
 - Self-introduction
- About our NLP...
 - Something about zh-TW Native Language Project
- Community
 - About LibreOffice zh-TW community
- Conclusion

About me

- The Document Foundation member
- LibreOffice zh-TW NLP member
- KDE translator
- Chakra GNU/Linux packager

About our NLP...

About Our NLP...

- We should add some help texts about how to join and contribute to Native Language Project.

About our NLP...

- It is hard to sync with English page using SilverStripe.

About our NLP...

- Donate Page (after download page) will always show English version before you manually switch it.

About our NLP...

- For now, we have six members in zh-TW NLP.
- But there are about one thousand users in LibreOffice zh-TW unofficial users group on Facebook...

Community

Community

- We also have a LibreOffice zh-TW fans page on Facebook.
- But some users will ask fans page "why LibreOffice doesn't have XXX feature?"

Community

Community

- AskLibreOffice? No, we don't have it yet.
- We rely on Facebook and Telegram.

Community

- There are (maybe) many users, but few contributors.

Conclusion

Conclusion

- Add more detail about how to join NLP.
- Set some methods to make websites sync with English version easier.
- Make donate page detect browser locale.
- We need more contributors!

Thanks for your listening!
